Details of the pre-application advice received

A formal pre-application enquiry (PR/0048/26) was submitted on 29/04/2026 for an earlier iteration of the scheme. The Authority issued its response on 15/09/2026. The advice focused on settlement-edge relationship (GN.29), affordable housing need, local facilities, highways access and footway provision, density, character/appearance, hedgerow retention and potential translocation, GI and tree protection, biodiversity requirements, nutrient neutrality evidence, drainage/SuDS, open space provision, and residential amenity. The Council confirmed local affordable housing need in the Rural East area and advised that a 100% affordable scheme by a Registered Social Landlord would be acceptable in principle subject to meeting GN.29 criteria. The response also identified required supporting documents including DAS, Affordable Housing Statement, GI Statement, ecology surveys, drainage details, open space assessment and PAC report. Although the design has since been comprehensively revised, the matters raised have informed the new scheme now submitted.
